As you may be aware, the City of Norfolk has announced that a new Larchmont Elementary School will be constructed soon.

Although a final timeline has not yet been announced, we have prepared the following survey in anticipation of the coming process in order to establish the community's priorities for this new facility. Please take a few minutes to consider all of the academic, creative, social, health, and safety possibilities presented by this process, and then take our survey. We thank you for your input and look forward to beginning (and finishing!) this exciting and long anticipated construction adventure.

***Please indicate your primary current affiliation to Larchmont Elementary School.**
